

ROOMAVEN

CUSTOMIZED FOR YOU

Roomaven designs and manufactures cabinetry around the way you live.

Every space is tailored — from proportion and material to function and finish — resulting in cabinetry that feels considered, architectural, and uniquely yours.

DESIGN WITH INTENT

Luxury is not excess — it is clarity of purpose. Roomaven cabinetry is designed with restraint, precision, and intention, allowing materials, proportions, and craftsmanship to speak for themselves.

PREMIUM MATERIALS

Every Roomaven finish is selected for depth, durability, and visual impact.

From refined woodgrains to modern matte surfaces, our materials are engineered to perform beautifully in real-world living environments.

UNMATCHED QUALITY

Roomaven blends European-inspired frameless construction with advanced manufacturing in the United States.

Each collection is crafted with precision, consistency, and an uncompromising attention to detail — ensuring lasting performance and elevated design.

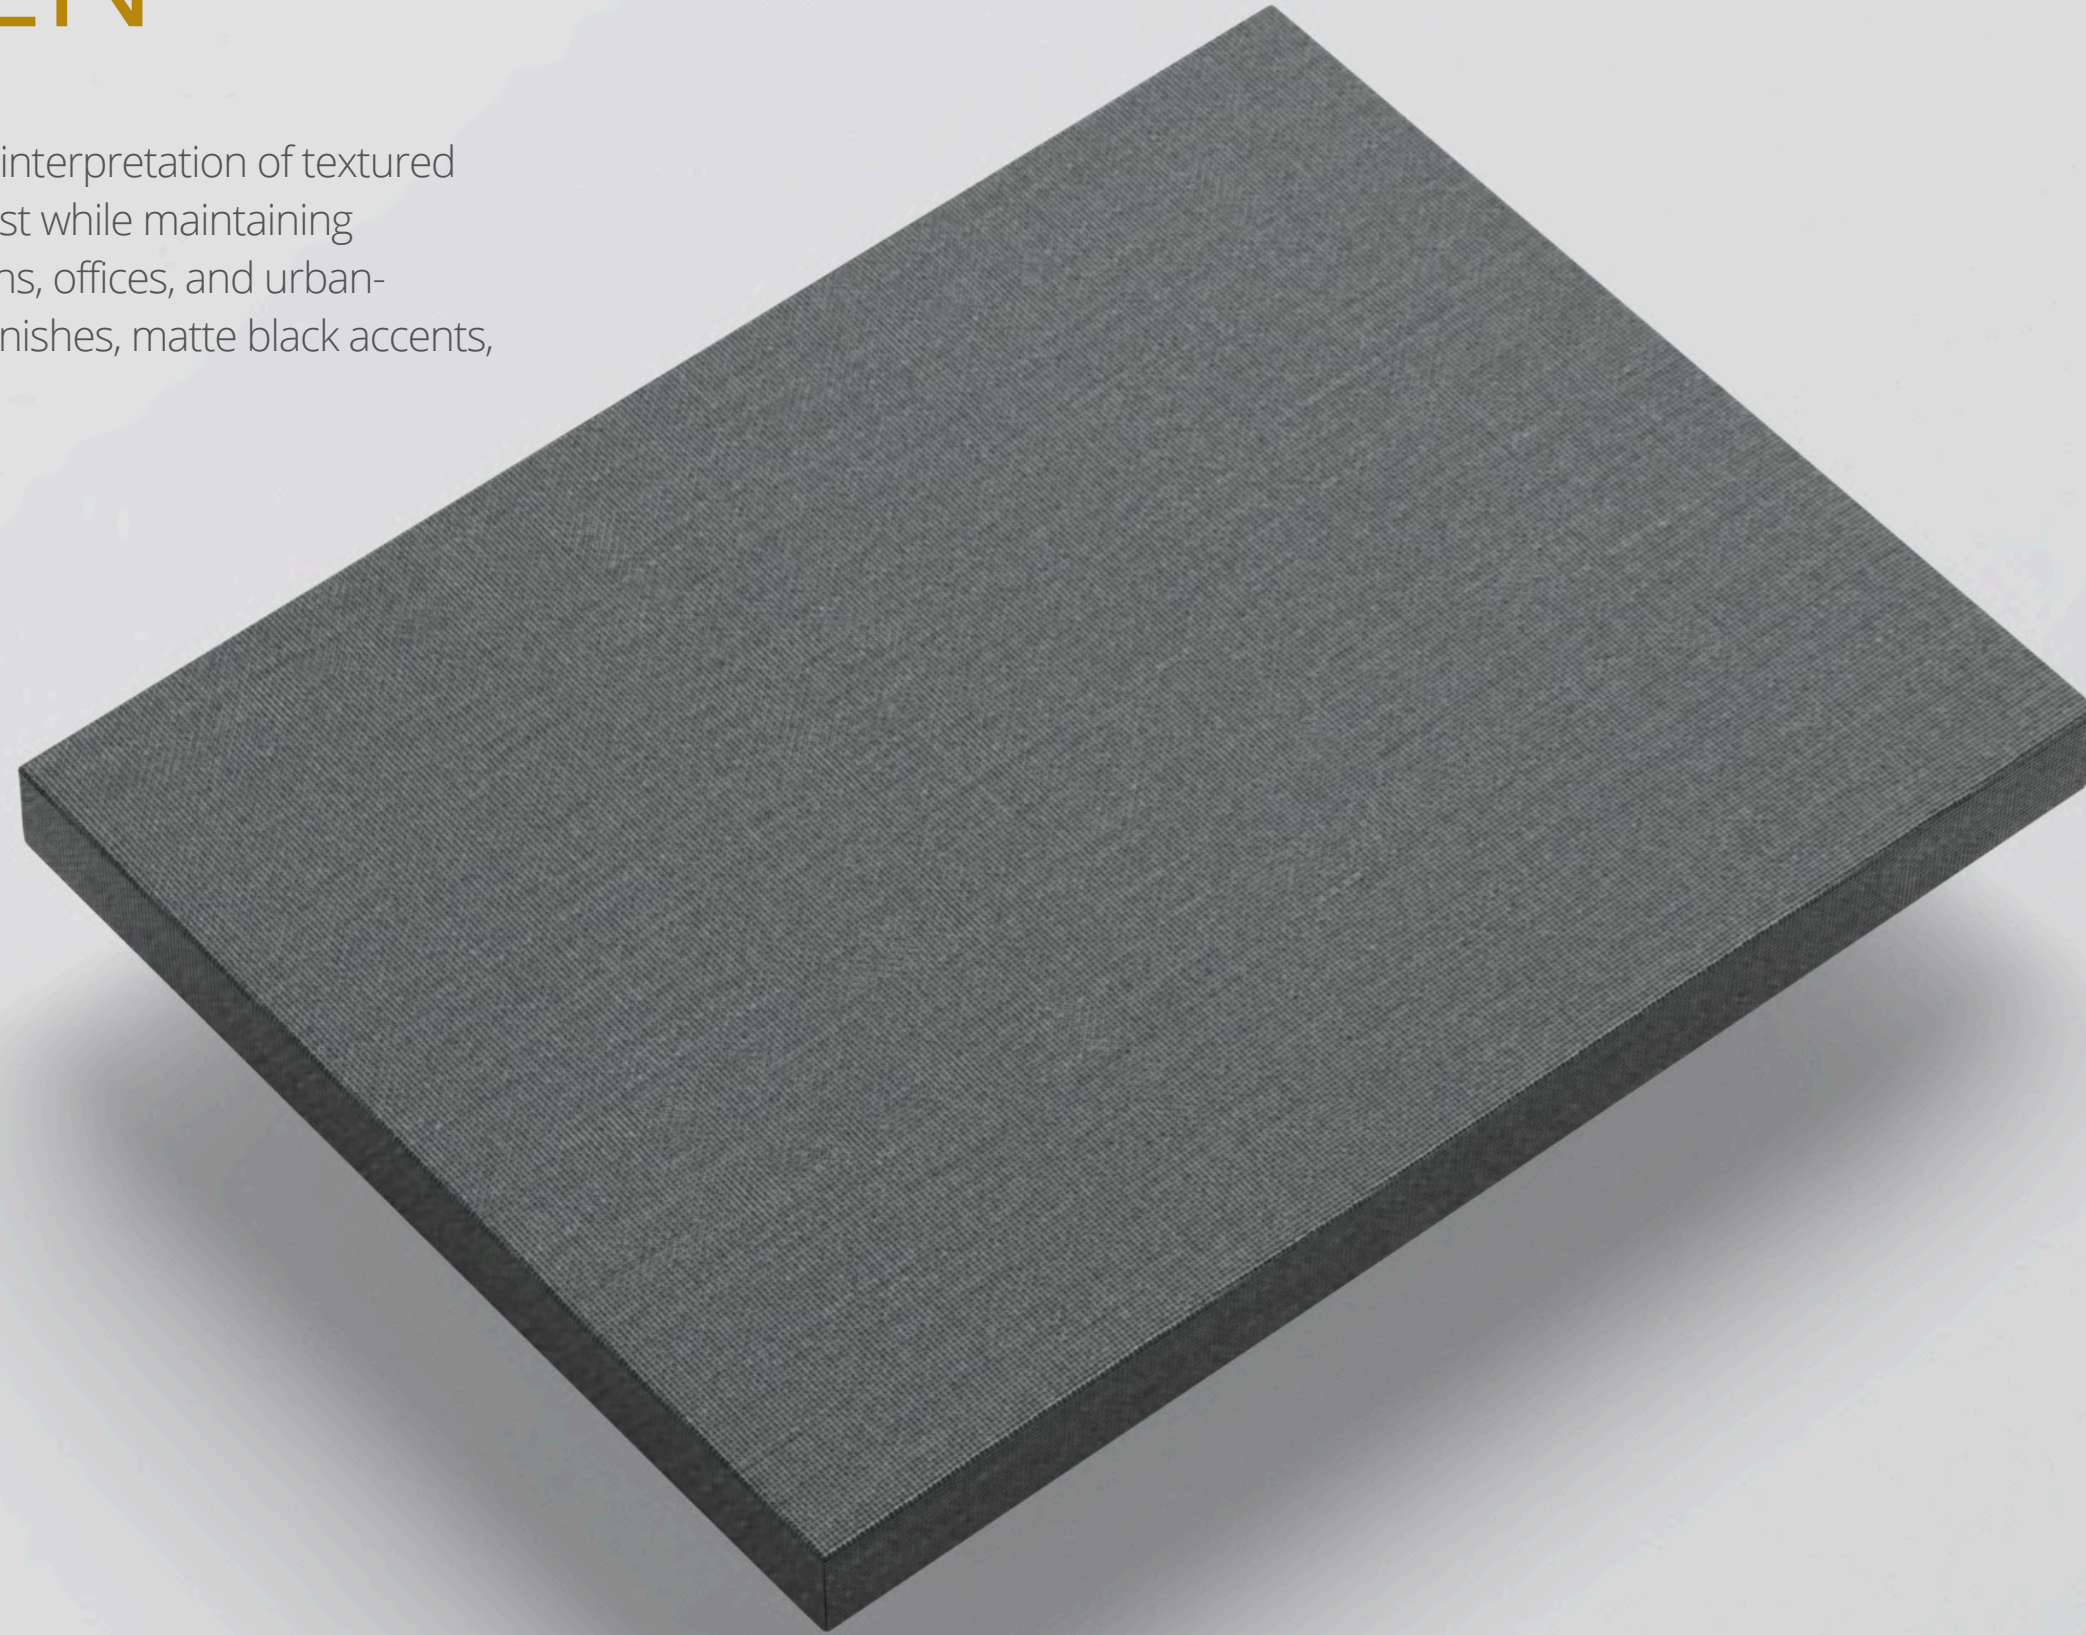

STERLING LINEN

Sterling Linen introduces a soft, woven texture with a refined, modern sensibility. Its light, neutral tone adds warmth without overpowering a space, making it ideal for minimalist kitchens, closets, and contemporary interiors. Pairs beautifully with natural stone, light woods, and warm metals.

ALLOY LINEN

Alloy Linen delivers a deeper, more industrial interpretation of textured surfaces. Its muted gray tone creates contrast while maintaining subtlety, lending itself well to modern kitchens, offices, and urban-inspired spaces. Best paired with concrete finishes, matte black accents, and rich wood tones.

GRAPHITE LINEN

Graphite Linen offers a deep, charcoal-toned surface with a refined woven texture. Its subtle movement adds visual depth while maintaining a restrained, modern feel. Ideal for contemporary kitchens, offices, and architectural spaces, it pairs effortlessly with concrete, matte black accents, and warm wood tones.

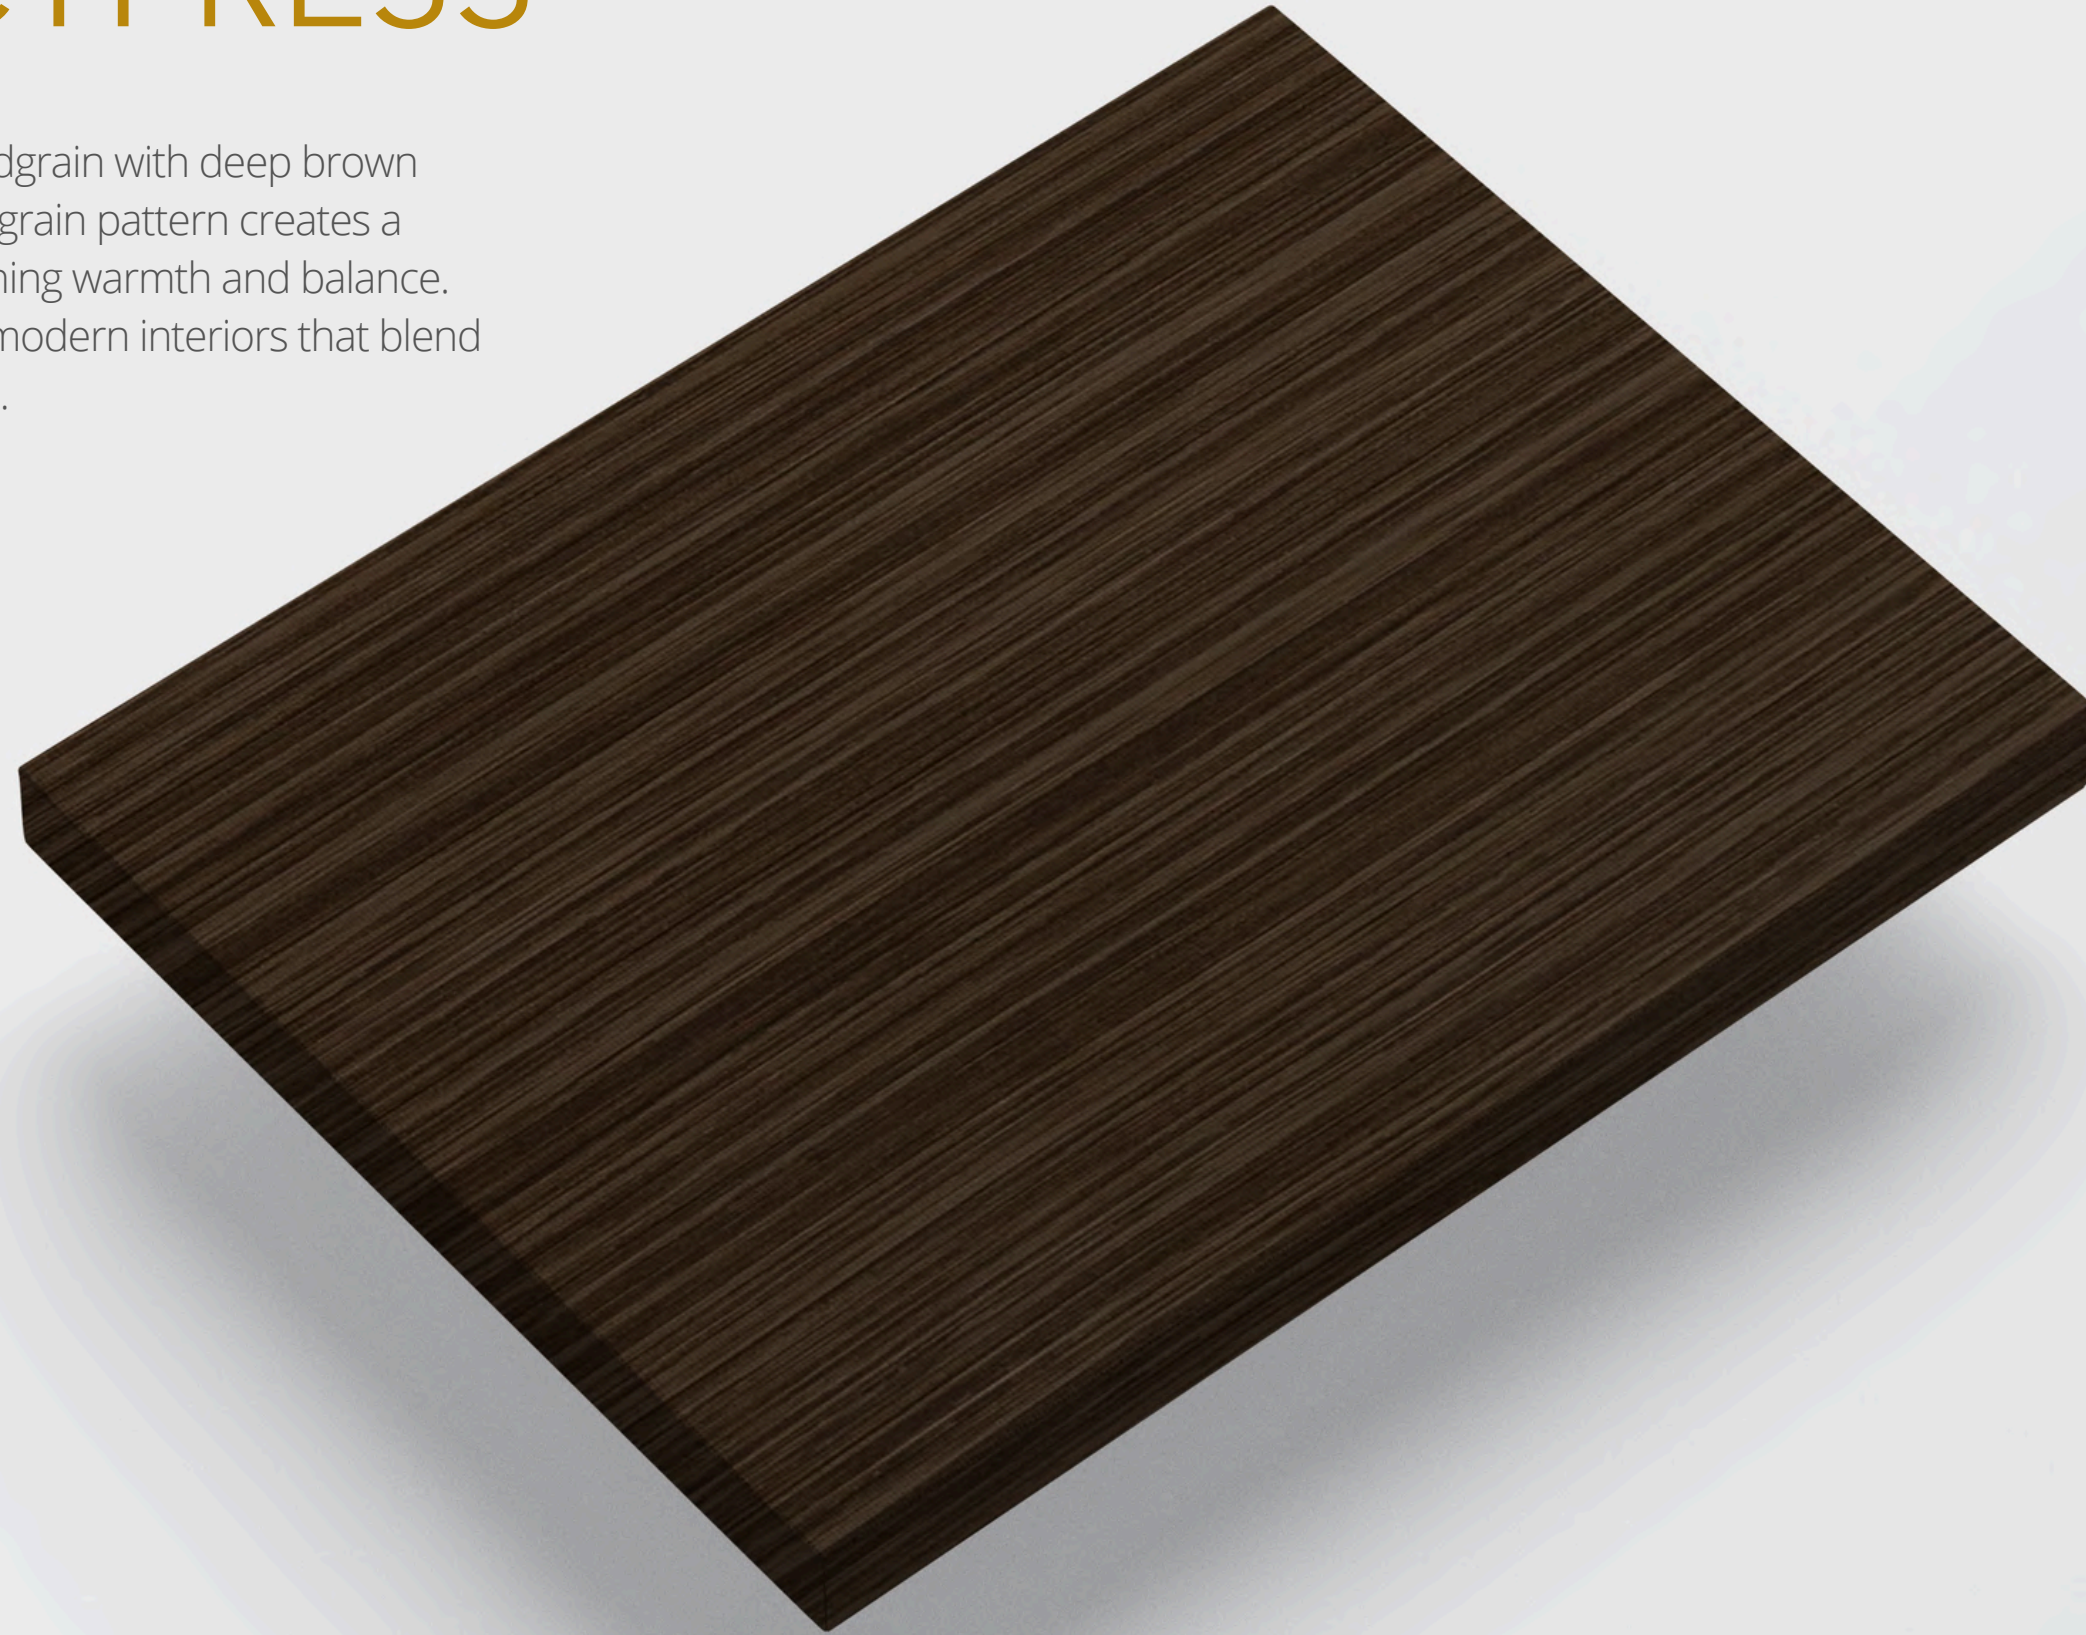

HAVEN WALNUT

Haven Walnut captures the richness of natural walnut with a refined, modern finish. The deep brown tones and organic grain bring warmth and sophistication to contemporary cabinetry. Ideal for statement islands, built-ins, and spaces seeking balance between modern and natural elements.

IMPERIAL CYPRESS

Imperial Cypress presents a rich, linear woodgrain with deep brown tones and refined movement. Its elongated grain pattern creates a strong architectural presence while maintaining warmth and balance. Ideal for statement cabinetry, built-ins, and modern interiors that blend natural character with contemporary design.

SANDBEACH OAK

Sandbeach Oak offers a light, sun-washed appearance inspired by coastal landscapes. Its soft grain and warm undertones brighten spaces while maintaining a natural, grounded feel. Perfect for open kitchens, laundry rooms, and interiors designed around light and simplicity.

RAVENWOOD OAK

Ravenwood Oak is bold, dramatic, and unmistakably modern. The dark finish emphasizes grain and depth, creating cabinetry that anchors a space with confidence. Ideal for contemporary kitchens, bars, and architectural interiors seeking contrast and impact.

CLAYBAKED CYPRESS

Claybaked Cypress blends earthy warmth with subtle texture, drawing inspiration from natural clay and weathered wood. Its mid-tone brown offers versatility while adding character and depth. Pairs well with stone surfaces, muted metals, and organic design palettes.

RIVIERA ELM

Riviera Elm reflects relaxed elegance with a smooth, refined grain and warm undertones. Inspired by European coastal interiors, it creates a sense of ease and sophistication. Well-suited for modern kitchens, wardrobes, and transitional spaces.

EVERLIGHT OAK

Everlight Oak features a clean, airy tone that enhances natural light and openness. Its subtle grain provides warmth without visual weight, making it a versatile choice across many design styles. Ideal for contemporary kitchens, closets, and bright, modern interiors.

WEATHERED ELM

Weathered Elm delivers a softly aged look with modern refinement. Its muted gray-brown tones bring depth and texture while maintaining a calm, understated presence. Perfect for spaces seeking warmth without leaning traditional.

CANDLELIGHT ELM

Candlelight Elm offers a warm, inviting tone inspired by natural light and soft finishes. The gentle grain and golden undertones create cabinetry that feels comfortable yet refined. Ideal for living spaces, kitchens, and environments designed around warmth and balance.

STONEWATER OAK

Stonewater Oak presents a cool, contemporary interpretation of natural oak. Its gray undertones and subtle texture create a modern foundation for architectural spaces. Pairs seamlessly with concrete, quartz, and minimalist color palettes.

WINDBRISK CYPRESS

Windbrisk Cypress brings a light, natural appearance with understated grain movement. Its soft tone creates a calm, open atmosphere well-suited for modern living. Ideal for kitchens, closets, and spaces where simplicity and lightness are key.

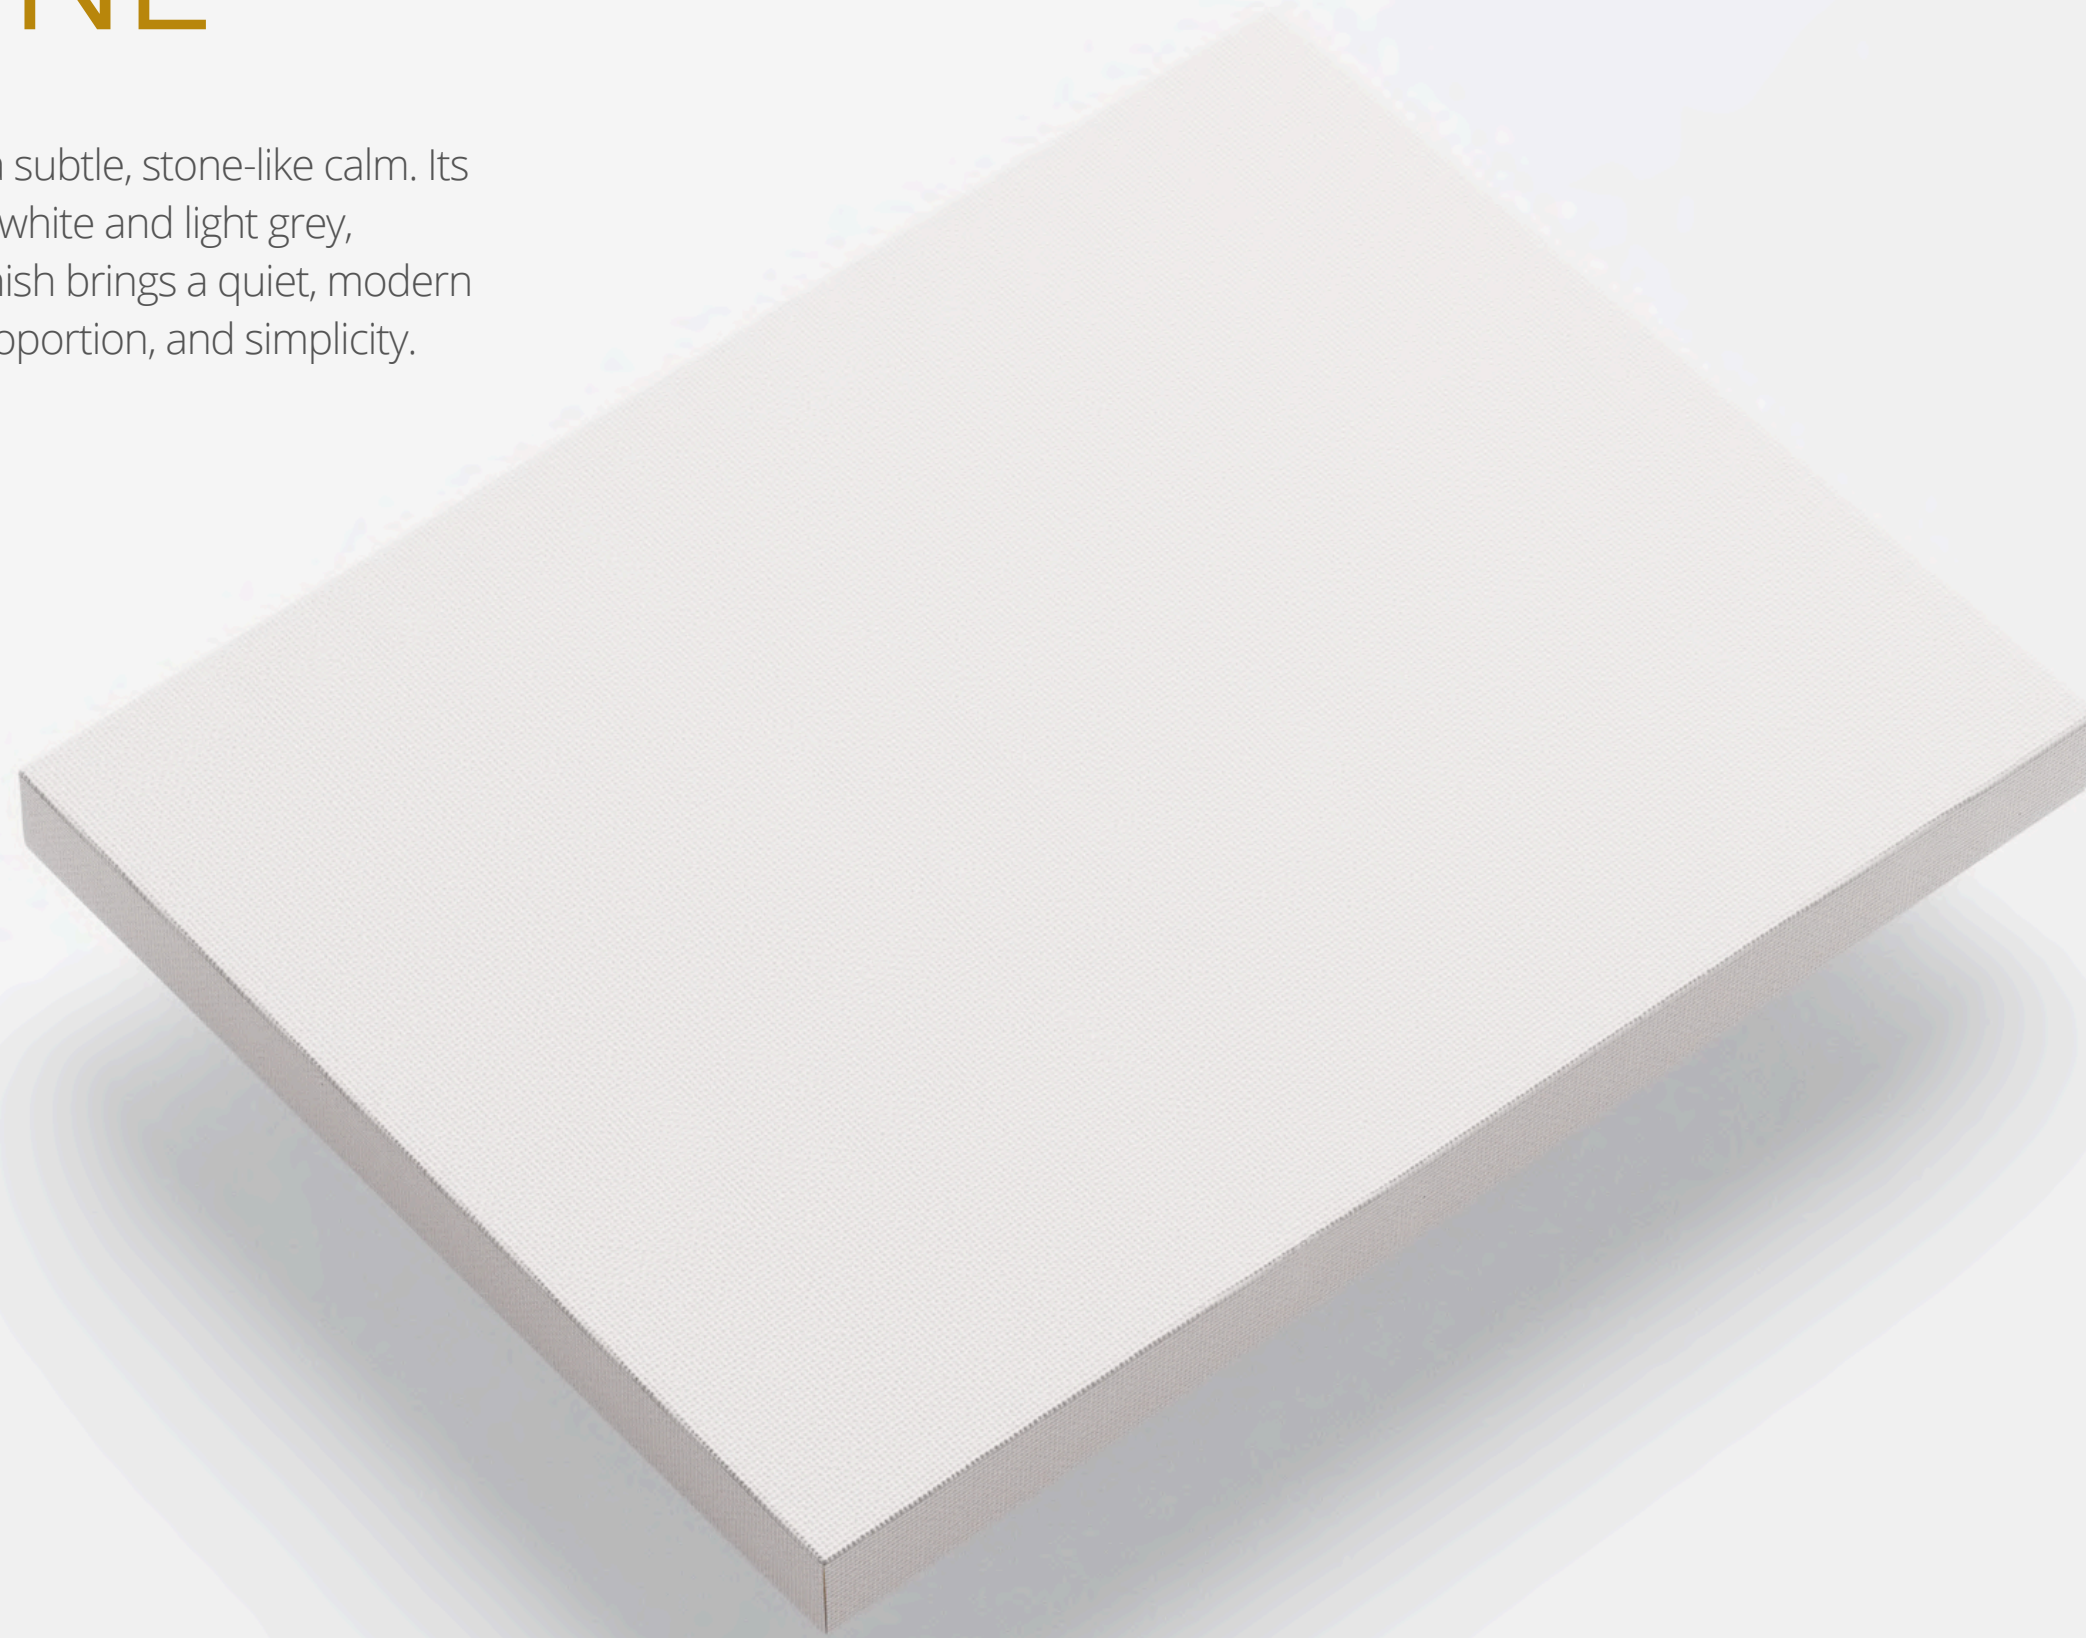

ALABASTER PEARL

Alabaster Pearl offers a clean, luminous finish with a soft, refined presence. The warm white tone elevates modern cabinetry while maintaining versatility across design styles. Ideal for bright kitchens, bathrooms, and minimalist interiors.

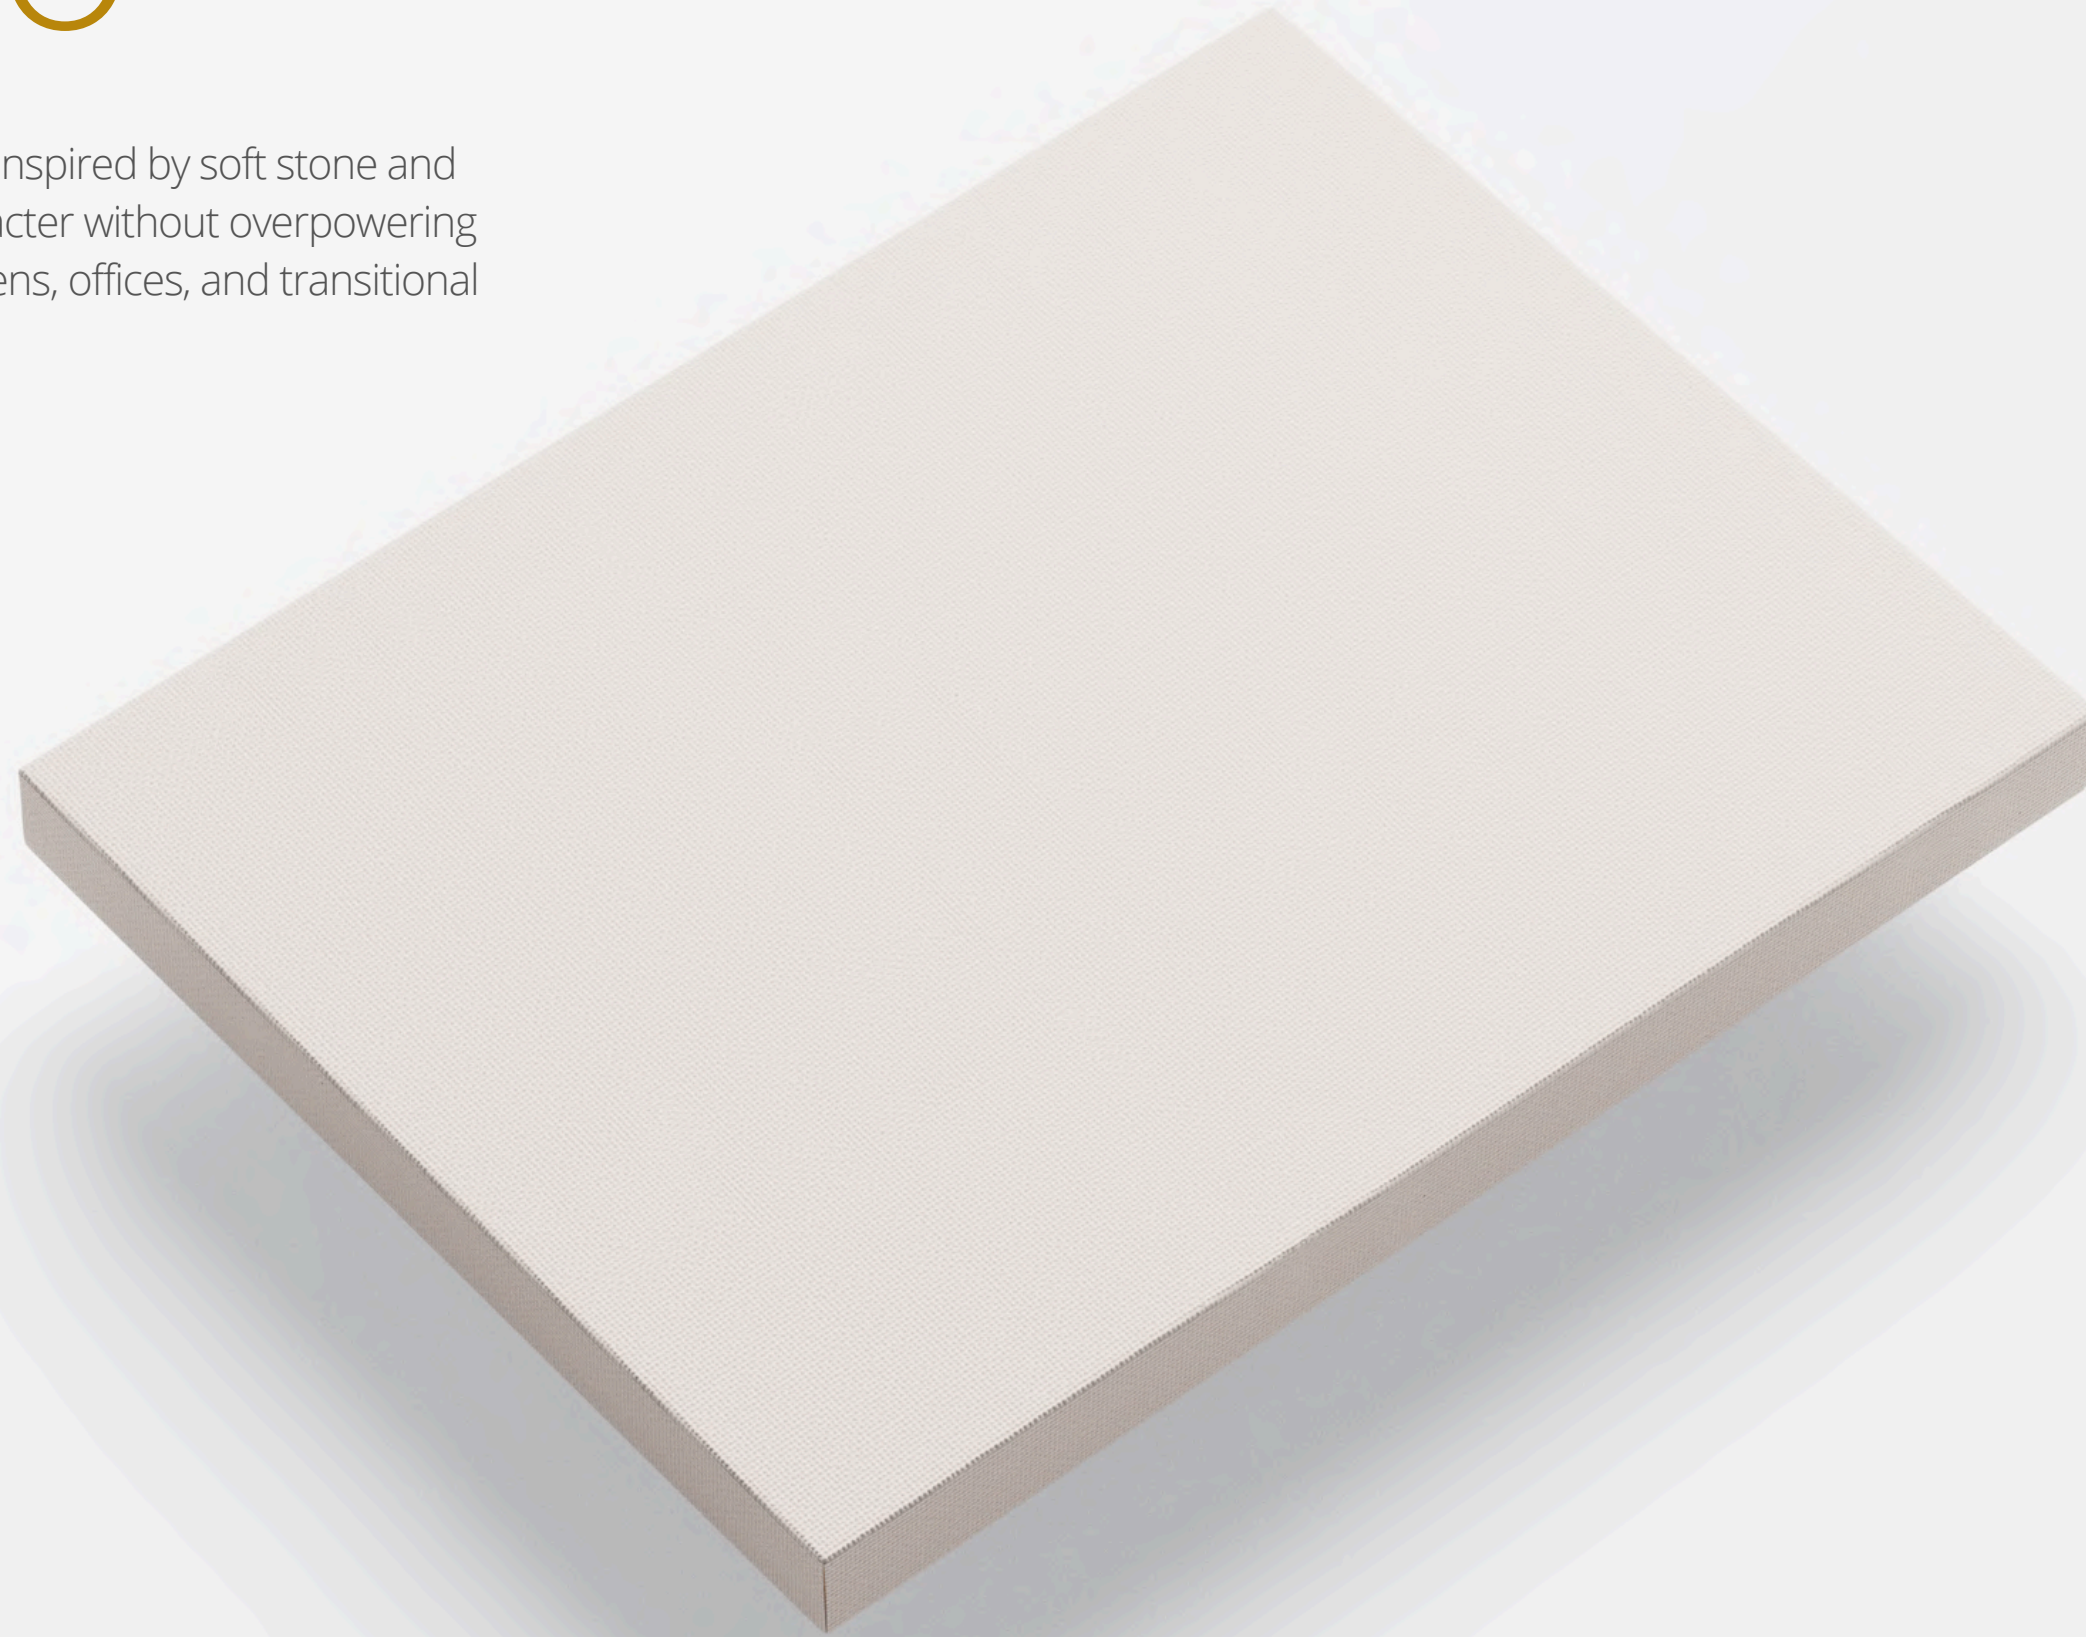

MOONSTONE

Moonstone is a soft, pale grey surface with a subtle, stone-like calm. Its understated tone sits comfortably between white and light grey, offering clarity without stark contrast. The finish brings a quiet, modern balance to spaces designed around light, proportion, and simplicity.

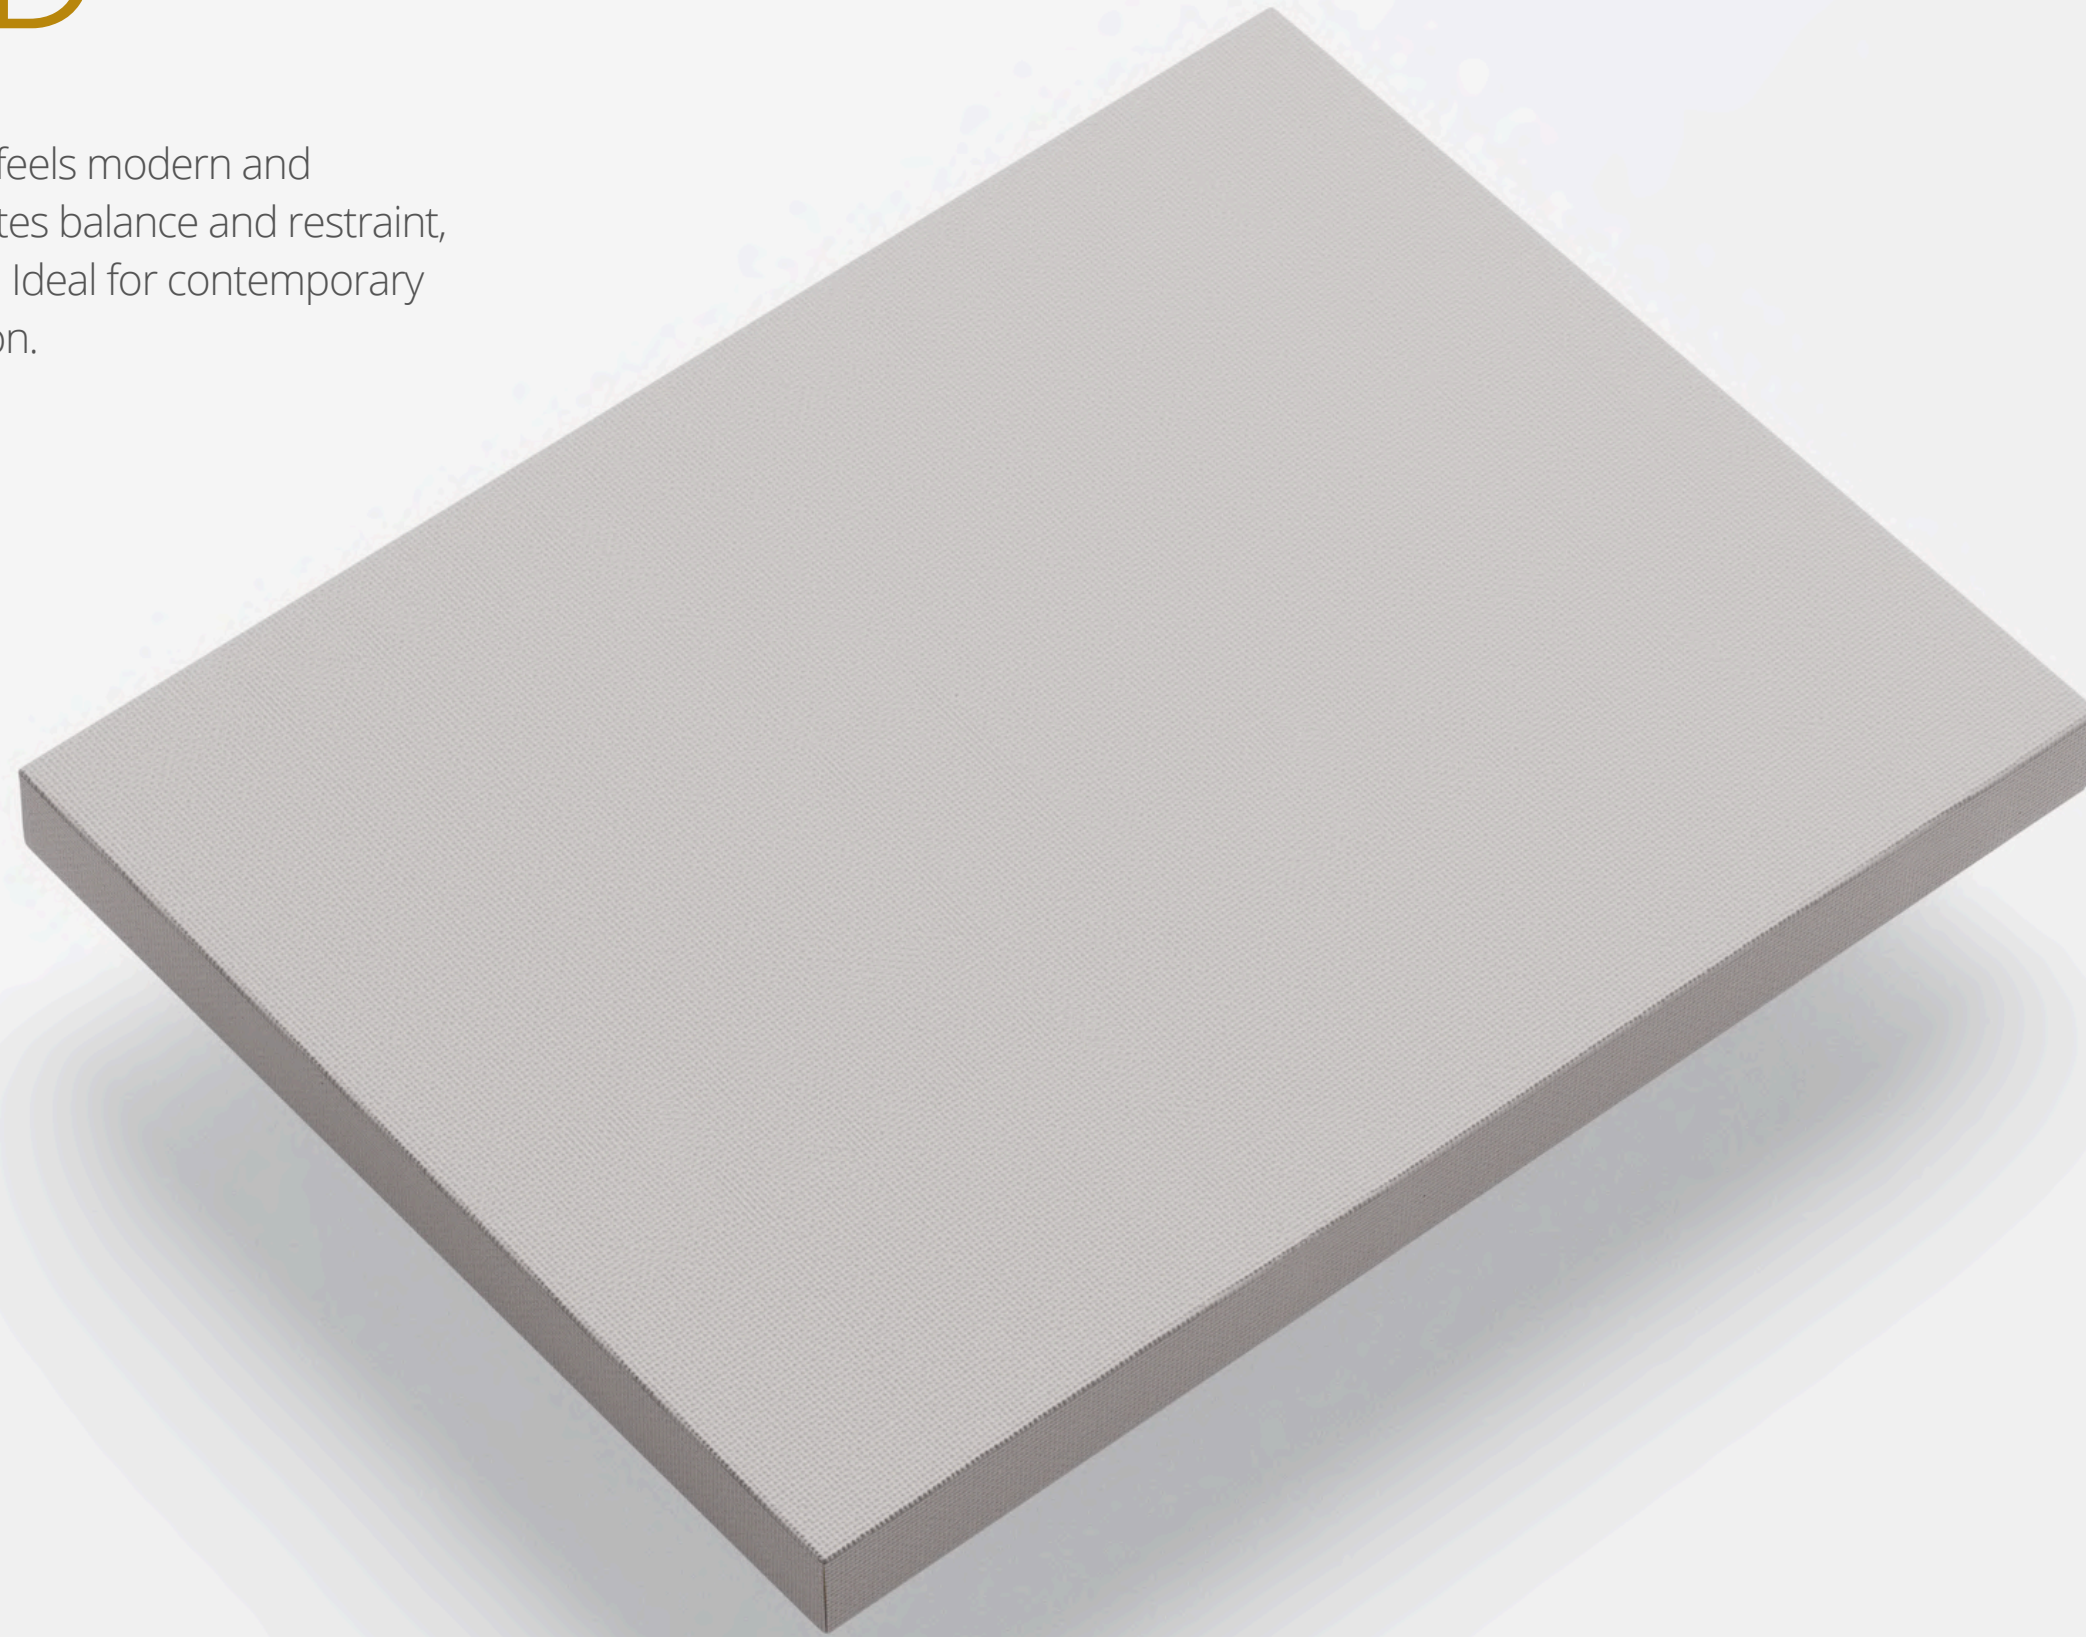

MACCHIATO

Macchiato introduces a warm, neutral tone inspired by soft stone and natural textures. Its subtle depth adds character without overpowering a space. A versatile choice for modern kitchens, offices, and transitional designs.

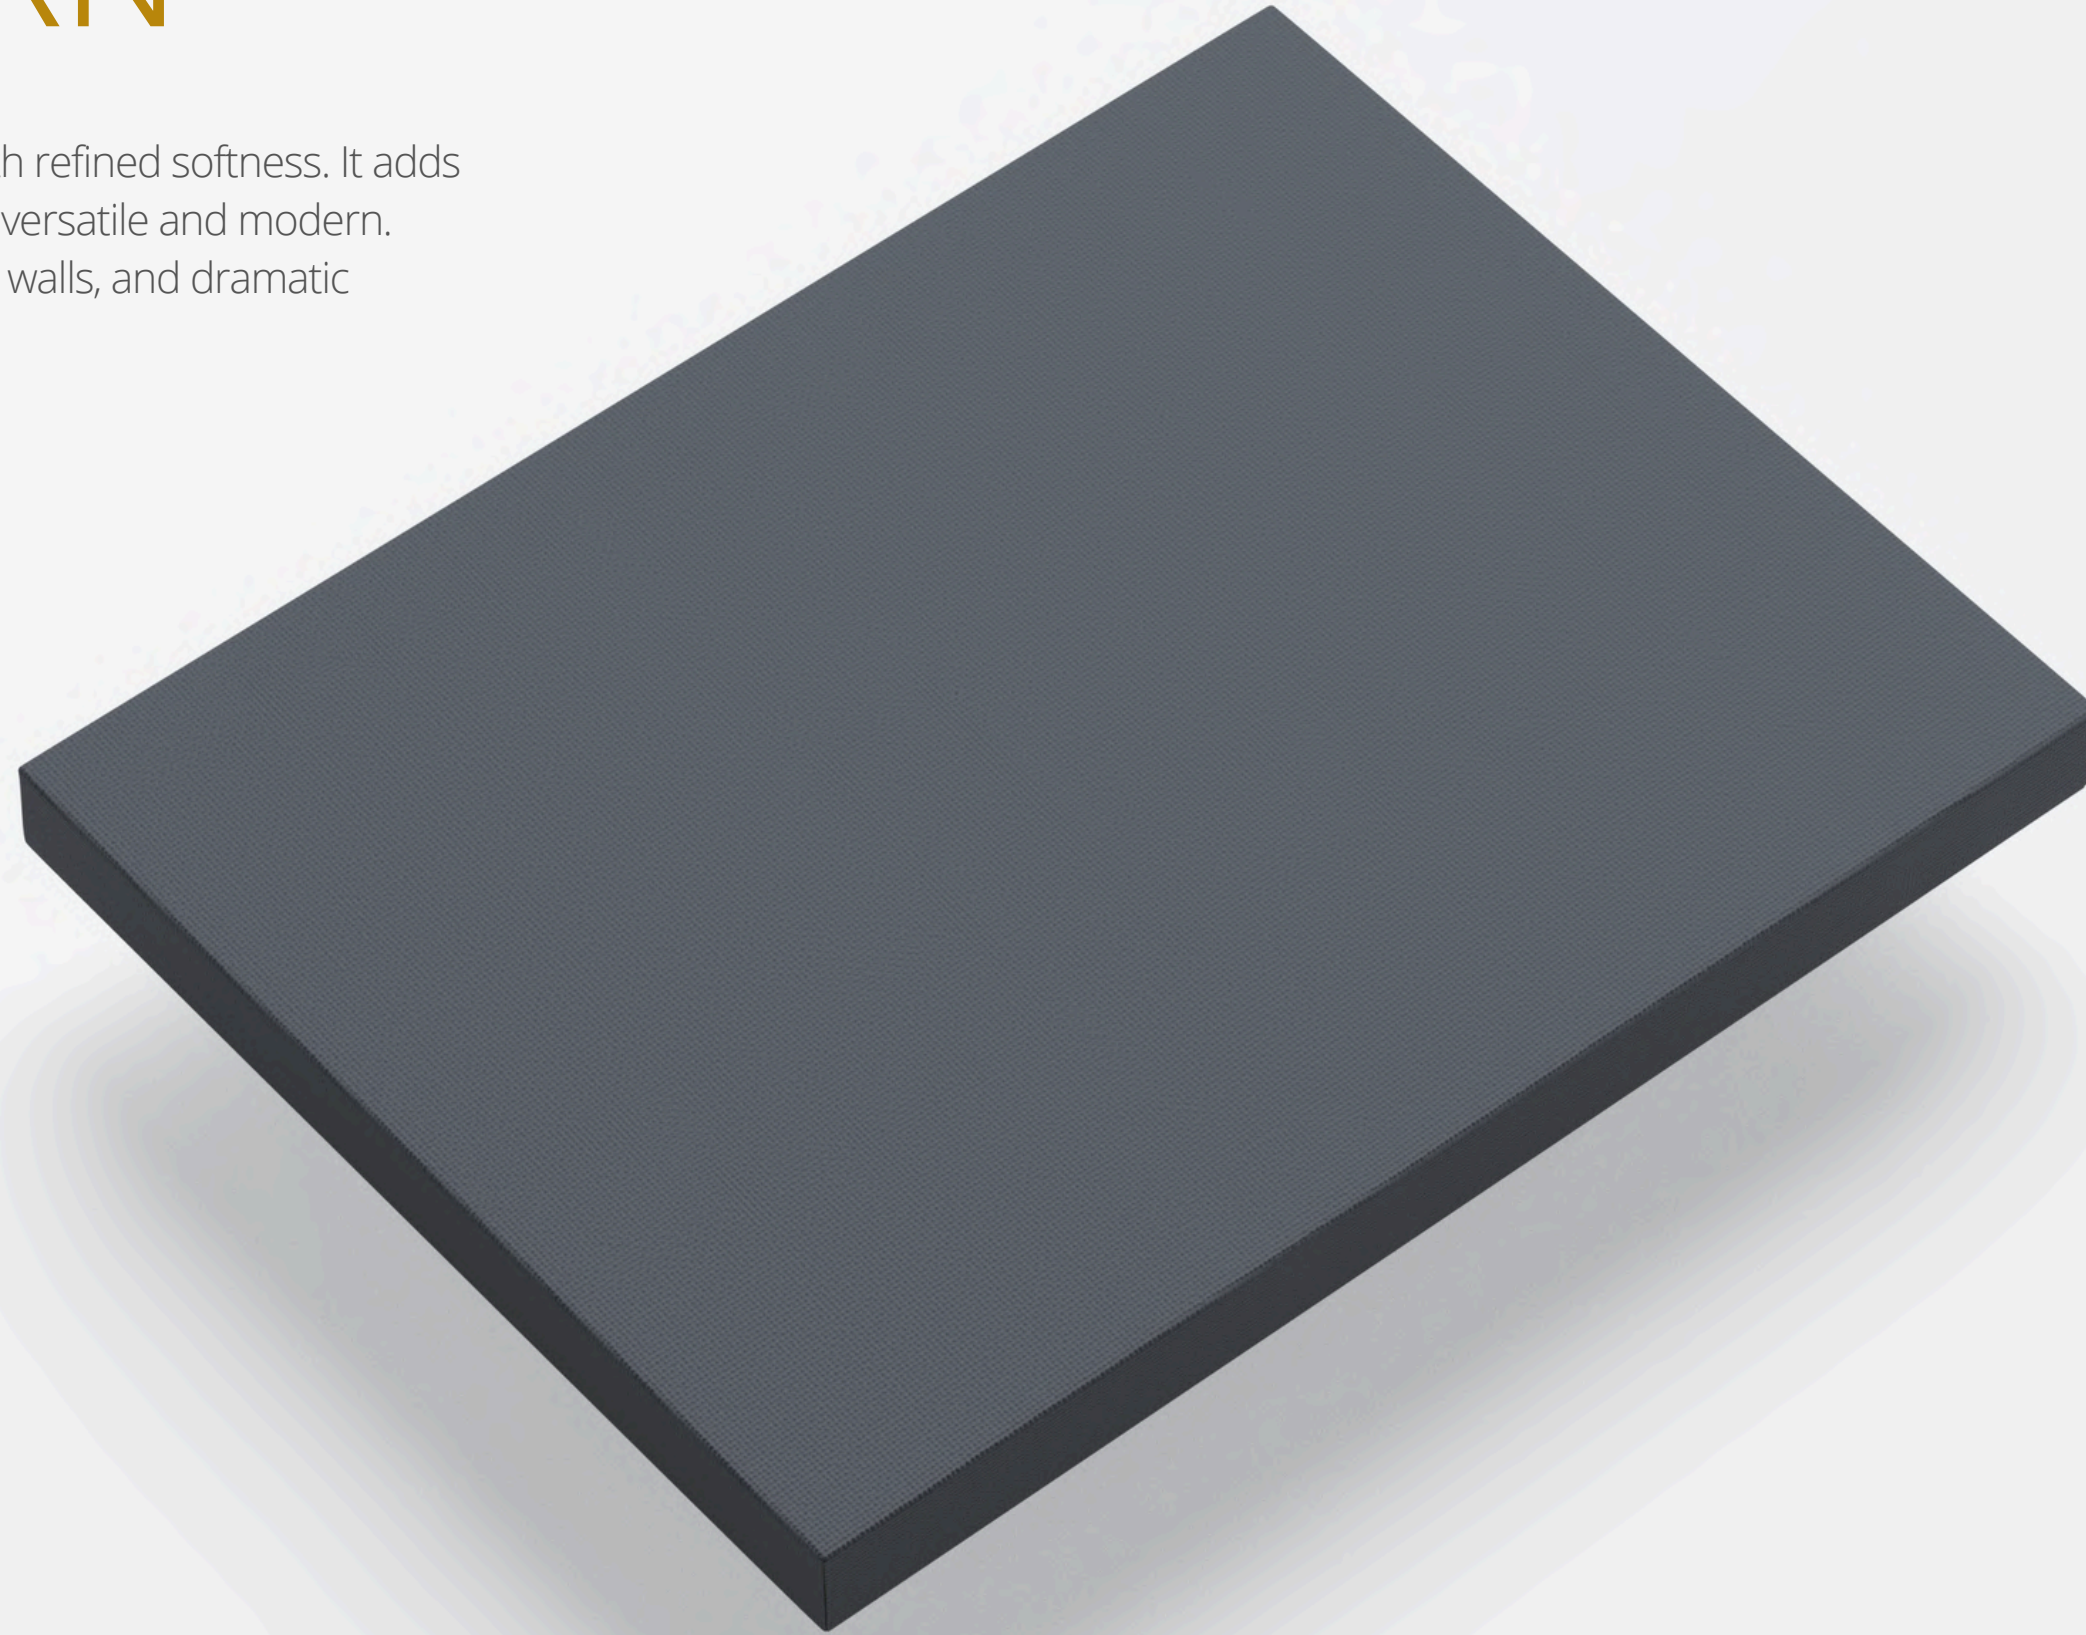

FOGBOUND

Fogbound delivers a cool, muted finish that feels modern and architectural. Its understated gray tone creates balance and restraint, allowing surrounding materials to stand out. Ideal for contemporary spaces focused on form, light, and proportion.

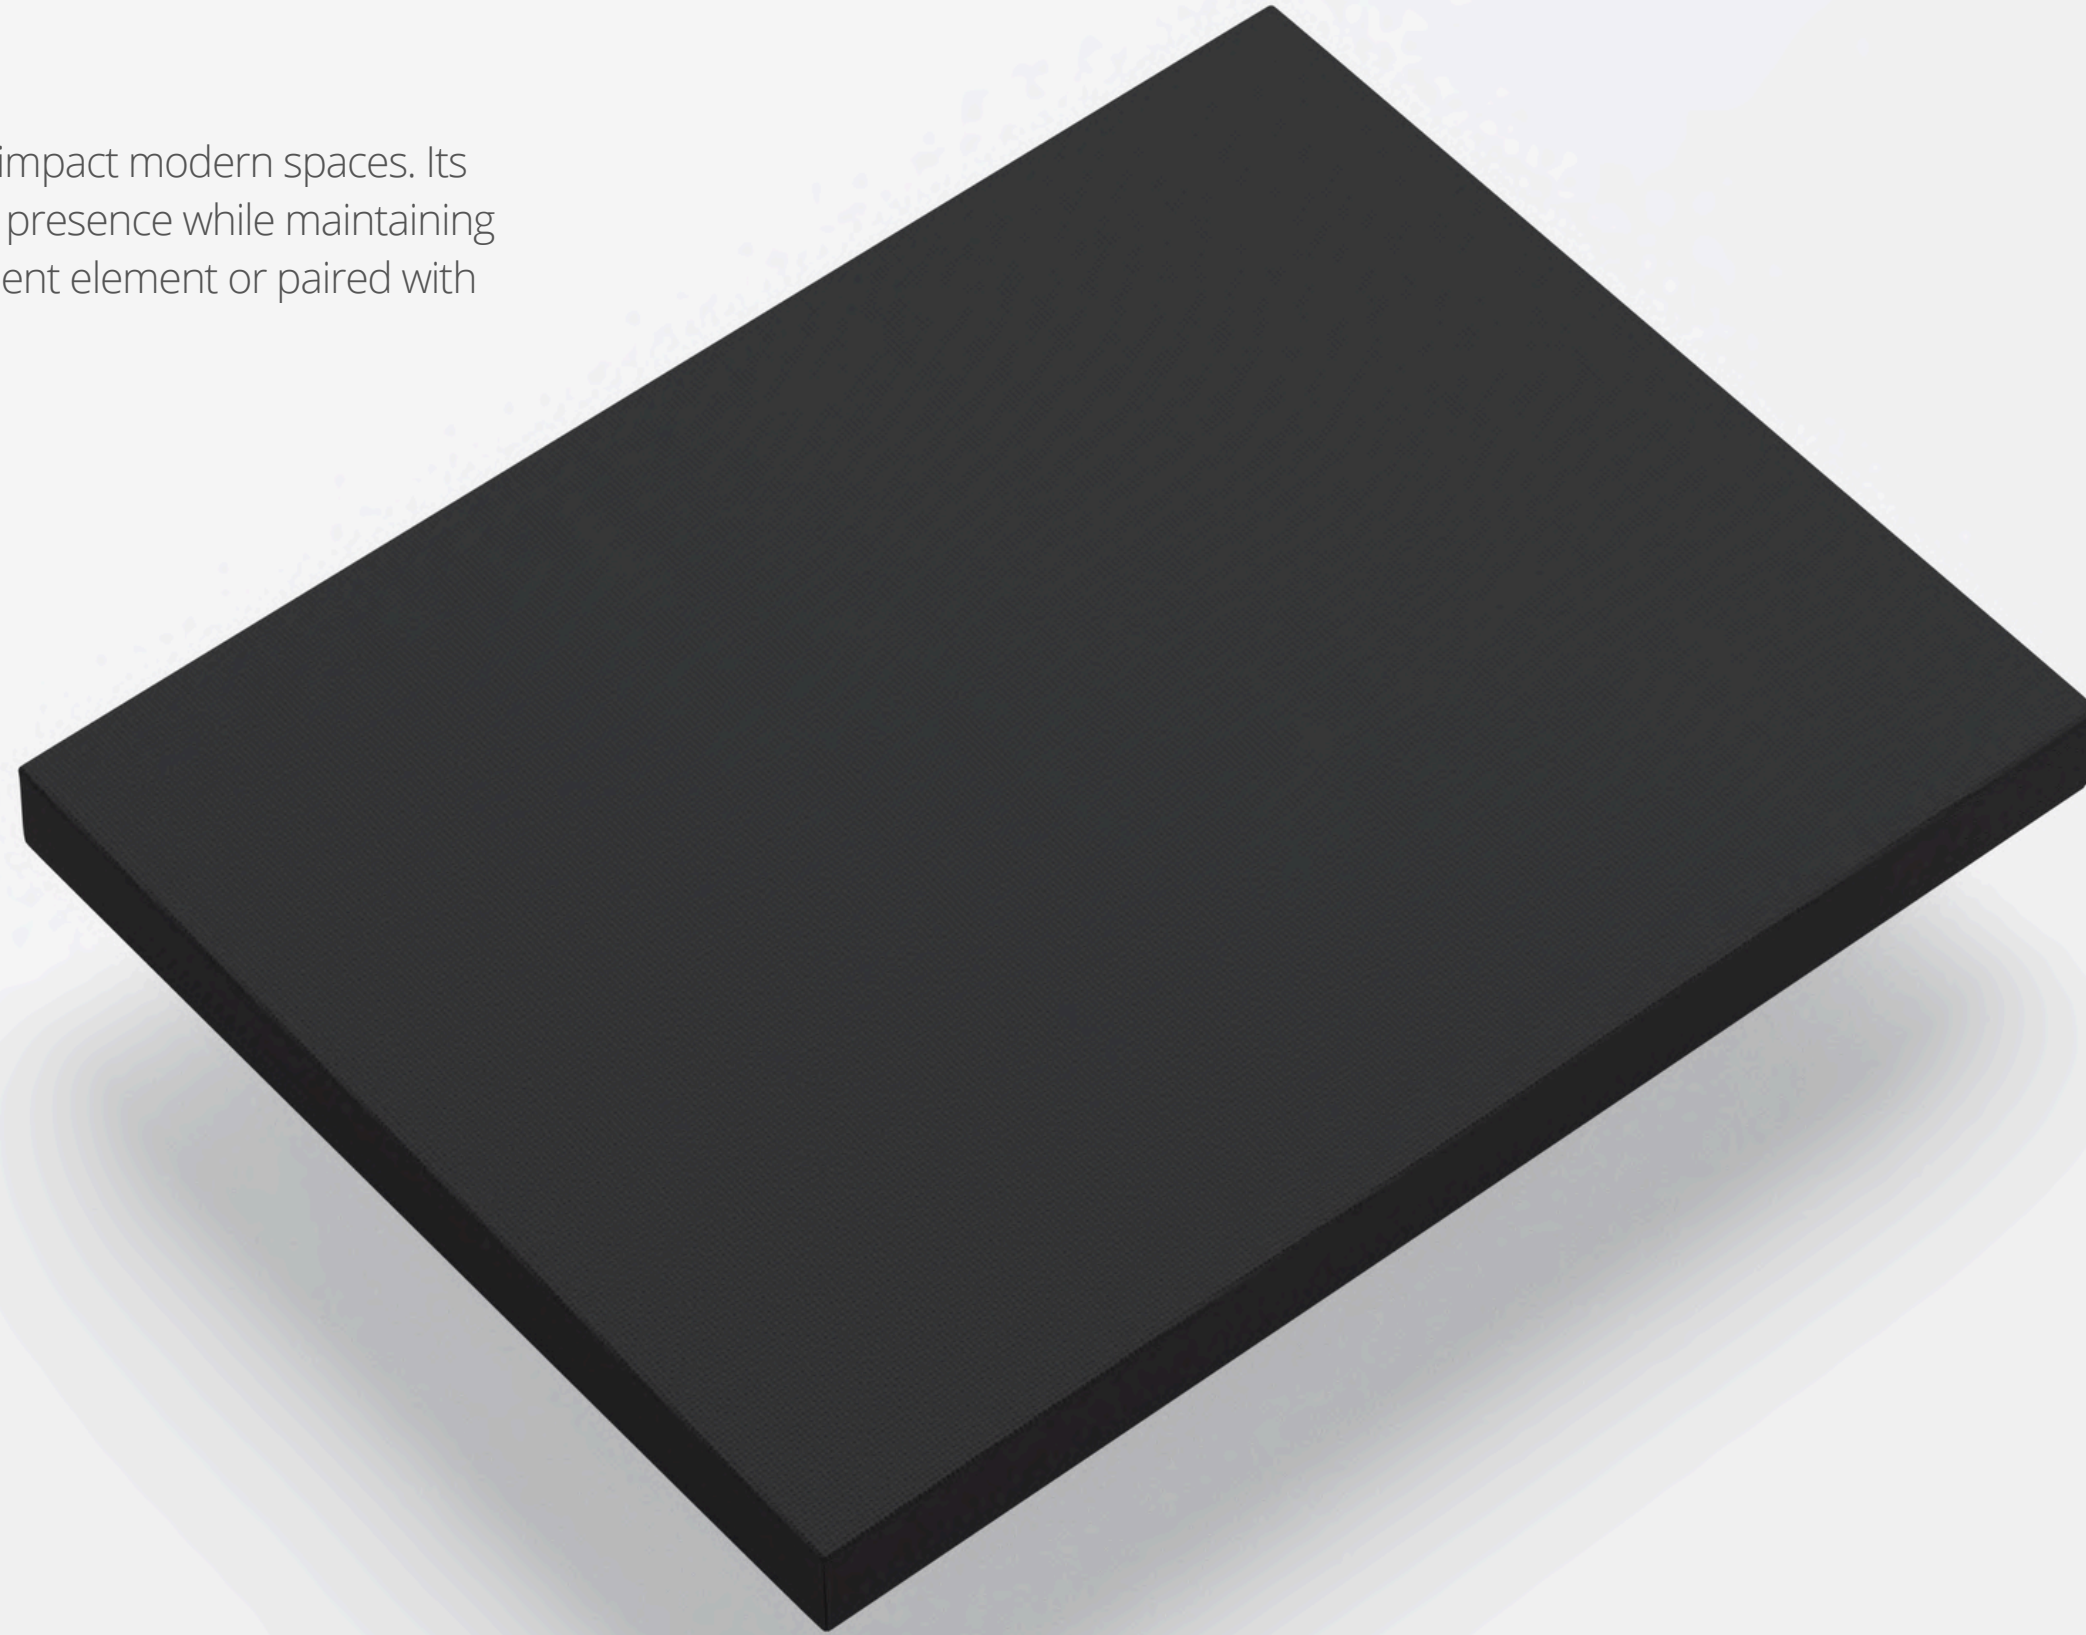

PEPPERCORN

Peppercorn offers a deep charcoal finish with refined softness. It adds contrast and sophistication while remaining versatile and modern. Perfect for bold cabinetry moments, feature walls, and dramatic interiors.

CAVIAR

Caviar is a rich, true black designed for high-impact modern spaces. Its depth and clarity create strong architectural presence while maintaining a clean, refined finish. Best used as a statement element or paired with lighter materials for contrast.

ORGANIZE WITH STYLE

Roomaven accessories bring order and intention to every space. Thoughtfully designed to integrate seamlessly within the cabinetry, they enhance functionality without compromising the overall design.

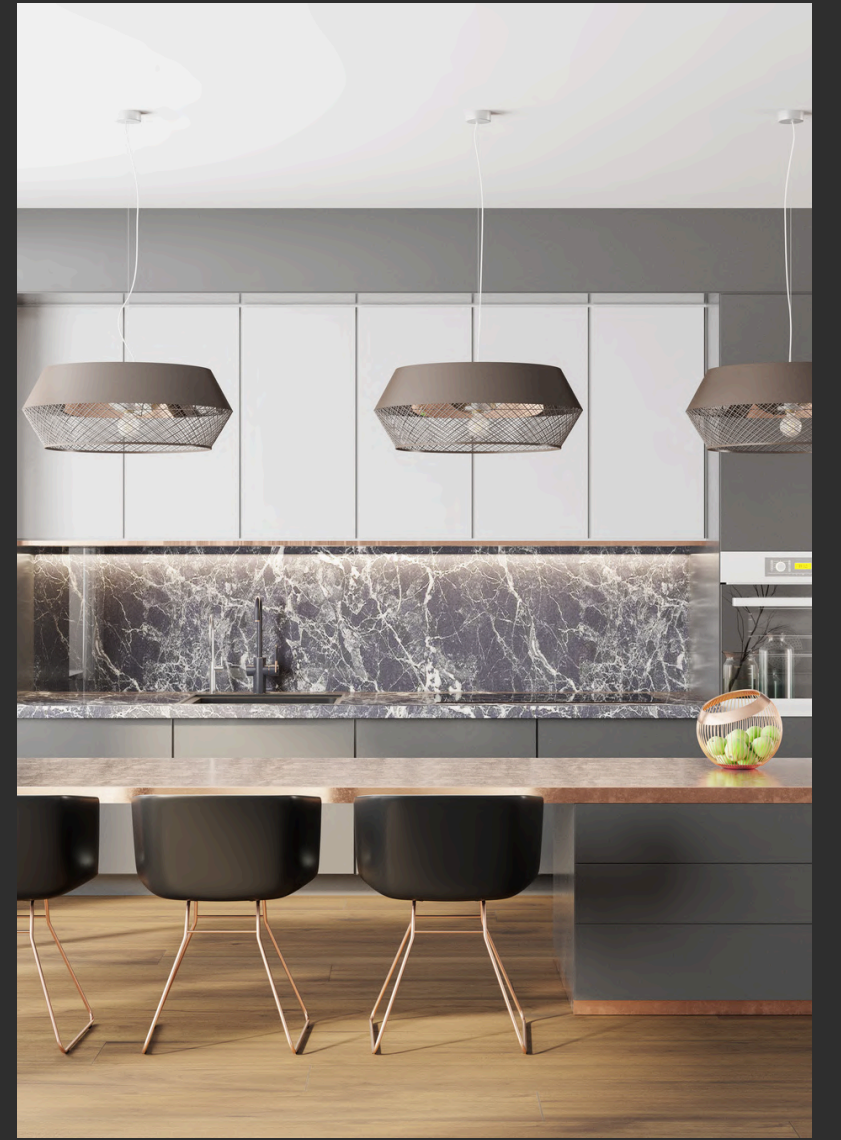

TRUE LUXURY LIVES IN THE DETAILS

SPACES THAT INSPIRE

Every Roomaven space begins with intention. Thoughtful design, refined materials, and precise craftsmanship come together to create environments that feel balanced, functional, and distinctly personal.
